ITALIANS WIN VICTORY IN BATTLE WITH AUSTRIA

Mexico-U. S. Crisis Passes Over

CARRANZA'S NOTE CONCILIATORY, AS REPORTS RUMORED

Document Handed to Lansing
and Immediately Communi-
cated to President

PERSHING'S WITDRAWAL
SOON IS NOW EXPECTED

Joint Efforts to Curb Border
Bandits May Be Next
Action Agreed On

(Associated Press by Federal Wireless)
CHIHUAHUA CITY, Mexico, July 5.—Gen. Carranza has been killed in a battle between Carranza and Villa forces southwest of Jimenez.

WASHINGTON, D. C., July 5.—Carranza's note, sent today by the Mexican embassy to Secretary of State Lansing, averts the break in relations threatened between the United States and Mexico.

The note, which in its formal statement proves to be as conciliatory as unofficial advance predictions said it would be, was communicated by Mr. Lansing to the president at once, and afterwards it was plain from the attitude in official circles that the crisis has been passed.

The note is friendly and seeks to convince the United States that the de facto government will do everything in its power to assist in restoring order south of the border and in safeguarding American and foreign lives.

There has been no formal statement yet of the attitude the United States will take. Such formal statement must await the action of the president, but officials are frank in saying that they believe the way has been opened for adjustment of the dispute.

A further interchange of views between the two governments is expected to begin immediately with reference to arrangements to curb the border bandits. It is confidently expected that these arrangements will be for joint action of the armies.

Officials also believe that an arrangement will be made for the early withdrawal of Gen. Pershing.

NEW YORK STOCK MARKET TODAY

INFANTILE PARALYSIS IN NEW YORK TERRIBLE

(Associated Press by Federal Wireless)
NEW YORK, July 5.—In Greater New York for the last 12 hours there has been an average of a death an hour from infantile paralysis, which is worst in Brooklyn. There were 178 new cases reported today. In one Brooklyn hospital there are 225 victims of the dread disease.

ENLISTED MAN DEAD, ANOTHER SHOT, AT POST

Drunken Brawl in Gulch Ends
in Wounding of Soldier
at Schofield

ONE PARTICIPANT FALLS
FROM VERANDA AND DIES

Marshal and U. S. Attorney Go
to Barracks to Assist
Officers in Probe

Pvt. John W. Frane of Battery F, Schofield Barracks, is dead, and Pvt. Czupkowski of the same battery is in the post hospital with a bullet in his leg as the result of a fight which took place in a gulch near the barracks early Tuesday afternoon.

According to information received from the barracks by the Star-Bulletin today, the fight in the gulch was participated in by four or five white and colored soldiers. It started, according to the report, when one of the colored soldiers claimed that he was "jumped on" by another private.

During the melee which ensued, Pvt. Czupkowski was shot in the leg, the wound being inflicted by a bullet fired from either a rifle or revolver of caliber .22. All of those who took part in the fight were drunk, the report from the barracks says. Czupkowski was removed to the post hospital. The wound is only a slight one.

Whether Pvt. Frane's death is directly due to the fight is still a matter of conjecture. Up to press time military authorities at the post were still investigating the affair. The Star-Bulletin was informed that, after the fight, Pvt. Frane walked over to the porch of the stable sergeant's house and sat down. Then he fell off, striking the back of his head on the ground. He got up and walked about 100 yards and fell again. By the time assistance reached him he was dead. The report states his body bore no marks of violence.

An officer of the barracks telephoned to Marshal J. F. Smiddy this morning reporting the marshal says, that a man had been killed and requesting that Smiddy get in touch with Deputy Sheriff Harry T. Piemer at Wahiawa in order that a coroner's inquest might be held at once.

According to the marshal, he was informed that the dead man engaged in a fight with another soldier on Tuesday afternoon and had been struck a terrific blow by his opponent, who used no weapon other than his fist.

Deputy Sheriff Piemer could not go to Schofield this morning as he was holding court at Wahiawa. Marshal Smiddy and Assistant U. S. Attorney S. B. Kemp were to leave for Schofield this afternoon to investigate the affair.

The man who shot Czupkowski is colored and is in custody.

Camel Is Emblem 'Dry' Campaigners Adopt As Theirs

CHICAGO, Ill., July 5.—Prohibitionists in session here today adopted the camel as the campaign emblem of the party.

LIEUT. GOODIER RETIRES WITH RANK OF CAPTAIN

(Associated Press by Federal Wireless)
WASHINGTON, D. C., July 5.—Lieut. Lewis E. Goodier, Signal Corps, U. S. A., who was injured at San Diego by a fall from an aeroplane, has been retired with the rank of captain, on account of disability.

It was following Lieut. Goodier's accident that his father, Col. Lewis E. Goodier, made sensational charges against the U. S. aviation service at San Diego which are supposed to have had a good deal to do with a recent shake-up in the high officials of that service.

RESERVATION ON HAWAII PLAN OF WAR DEPARTMENT

Bishop Estate Deeds Fifty Acres
Near the Volcano House to
Army Officer Trustees

ANNOUNCEMENT MADE
LAND TO BE TAKEN

Reservation to Be Used By
Army and National Guard;
Officers Like Plan

Plans for a military reservation on Hawaii were completed this week when the Bishop Estate deeded 50 acres of land near the Volcano House to a board of trustees, the ranking officers of the U. S. army and the National Guard of Hawaii to be members of such board of trustees, the announcement being brought by a passenger arriving from Hilo today.

Col. John D. Easton of the 2nd Infantry and Lieut. Charles Bonesteel, ranking officer of the U. S. army on Hawaii, visited the reservation on Sunday afternoon, and following their visit the announcement was made that the grounds would be accepted.

The grounds are one mile from the Volcano House and have already been surveyed. The reservation will be used for both the U. S. army and National Guard. Brig.-Gen. R. K. Evans visited the reservation some time ago and was favorably impressed with the move. Lieut. Thurston has been active in bringing about the final settlement giving the men of the services the campsite.

SAYS MAUNA KEA FAILED TO HEED SIGNALS GIVEN

Complaint Filed By Captain of
Lurline Said to Be Grounded
on Disregard of Whistle

A complaint by Capt. Troels Smith of the Matson steamer Lurline has been received at the local office of U. S. inspectors of hulls and boilers against Captain W. K. Freeman of the inter-island steamer Mauna Kea for disregarding signals while the Lurline was entering and the Mauna Kea was leaving Honolulu harbor June 27.

According to Thomas Heeney, local inspector, no action will be taken concerning this complaint until the arrival of Joseph Meany, the new inspector of hulls who will arrive here on the Mauna Kea July 12, as it takes the signature of both inspectors to make any action legal. As soon as Meany arrives the inter-island will be notified of the complaint and when Captain Smith returns on the Lurline from San Francisco July 25 his complaint will be heard.

According to harbor officials who saw the alleged disregard of signals on the part of Captain Freeman it is said that the Lurline blew one whistle, indicating she would keep to the port side of the Mauna Kea and the Mauna Kea answered her with one whistle, but that shortly afterwards the Mauna Kea blew two whistles, indicating that she wished to go to the starboard side of the Lurline. The Lurline then blew four whistles, meaning my ship is not under control, but the Mauna Kea sailed directly in front of the Lurline and went by on the starboard side.

Captain Freeman's side of the controversy could not be learned today as he had left for Hilo on the Mauna Kea before the complaint was received at the inspectors' office.

SHIPPING BILL WILL START FIGHT IN SENATE

(Associated Press by Federal Wireless)
WASHINGTON, D. C., July 5.—Democrats of the senate will caucus tonight to consider a legislative program with a view to early adjournment. A fight is expected on the administration shipping bill.

SAN DOMINGO QUIETING

(Associated Press by Federal Wireless)
WASHINGTON, D. C., July 5.—News has been received in a despatch from Admiral Caperton that the Santo Domingo revolutionists have agreed to disarm, as a result of the peace conference held between the factions.

NATIONAL BANK CALL

(Associated Press by Federal Wireless)
WASHINGTON, D. C., July 5.—Notification was made today of a national bank call on June 30.

Stuart's Attack Flattens Out; Helps Pinkham Stock

Judge's Resignation "Eagerly Awaited," Says Washington
Despatch; President Doesn't Even Refer Charges

(Special Star-Bulletin Cable)
WASHINGTON, D. C., July 5.—Judge Stuart's attack on Governor Pinkham and simultaneous criticism of the president, Secretary Lane and Attorney-general Gregory has been given absolutely no publicity here.

The letter which he sent to the president embodying his charges has not been referred to in any Washington newspaper since the fact that it had been left at the White House offices was learned. The president has not referred it to either Mr. Lane or Mr. Gregory.

Governor Pinkham's standing has been improved by the jurist's denunciation. The interior department people summarize the matter by saying "Pinkham is a queen compared to Stuart."

It is highly improbable that the slightest attention will be given to the communication by the president. The resignation of Judge Stuart is eagerly awaited at the department of justice.

BERLIN REITERATES DENIAL OF BIG LOSSES ON THE WEST

Official Cablegrams Say That Both There and on East Front
Attacks Are Breaking Down

British and French reports of successes on the west front are greatly exaggerated, says Berlin officially in recent cablegrams. The Berlin official statement for July 4, arriving this morning, says:

"GERMAN HEADQUARTERS, July 4.—North of Amiens the enemy did not repeat their attack today. Strong enemy masses attacked from Thiepval to LaBoisselle wood, on the front between Amiens and Somme, and from Mametz to Belleu and Barator. Large losses were caused by our artillery and infantry fire, corresponding to the large number of troops engaged by the enemy. Attacks were repulsed everywhere.

"Furious fighting took place about the village Hardcourt. The French who entered were ejected. Local enemy attacks northeast of Ypres, west of Labasse and southwest of Lens, against high battery in Dainpout, were entirely repulsed.

"Repeated French official reports about the reconquest of Thiaumont as well as figures about the prisoners made in combats near Somme are falsehoods.

"German patrols east and southeast of Arras entered into British reconnoitering entrenchments near Exbruecke, and further French positions west of Muelhausen. Here one officer and 60 soldiers were prisoners. Five enemy flyers were shot down in air combats without any loss to us. Four were shot down by our anti-aircraft gun fire. Six of the disabled aeroplanes are in our hands.

"On the east front Russian torpedo boats and the battleship Slava shelled without success the Courland coast, near Rabasen, being effectively engaged by our coast batteries and attacked by our flyers. The Slava was hit.

Hindenburg army front: At many places the enemy increased their fire and undertook several advances which led to combats in our lines, north of

STROMBOLI AGAIN ERUPTS SERIOUSLY

Italian Volcano on Mediterranean Island Spreading Lava;
Quakes Are Felt Elsewhere

(Associated Press by Federal Wireless)
ROME, Italy, July 5.—Stromboli, the volcano which rises 3022 feet above the sea on the island of Stromboli, Liparian group, Mediterranean sea, is again in eruption. The outbreak is serious, the lava is spreading down the sides of the mountain, burnhouses as it goes, and the population is fleeing in terror.

Messina has sent relief in several ships, both medical and food supplies.

Earthquake shocks have also been felt during the last few hours at Ancona, Rimini, Bellvedere, Marettimo and other districts of the Adriatic sea.

TOLL OF FOURTH IS HELD LOWER

CHICAGO, Ill., July 5.—The Chicago Tribune, which annually compiles figures upon deaths and injuries due to Fourth of July accidents, prints today the statement that in the United States only 13 deaths and 376 other injuries occurred from Independence Day celebrations. Last year the toll of the Fourth was 19 killed and 903 injured.

AMERICAN STEAMER SUNK; NO CASUALTIES REPORTED

RIO DE JANEIRO, Brazil, July 5.—The American steamer Wilhelmina, bound from New York for Rio, has been sunk, after colliding with a transport. There were no casualties.

TEUTON REINFORCEMENTS ARE HURRIED FROM VERDUN, LENS

While Berlin Denies Gains Continuing, Paris and London Say
Big Offensive Crushing Forward

(Associated Press Service by Federal Wireless)
ROME, Italy, July 5.—An important victory of the Italians over the Austrians is announced late today. The Italians have occupied the summit of Monte Corno, a commanding position, after weeks of fighting, and have captured the Austrian positions at the crest of Monte Selglio.

ASSOCIATED PRESS CAMP IN FRANCE, July 5.—During the offensive which began last Saturday morning and is still continuing the Anglo-French forces in the west have taken up to the present time 15,000 prisoners.

It is estimated that the German losses to date amount to at least 60,000.

Main Attacks of Allies Are Now Thrown Back, Germany Declares

BERLIN, Germany, July 5.—Without advantage to the Allies, whose offensive is slowing up, there is violent fighting in progress today on both banks of the river Somme.

The Allies are launching large bodies of troops at the German lines but are met with machine-gun fire and counter-attack at each fresh assault.

The French also have tried to take the offensive northwest of Thiaumont, on the Verdun line, but were repulsed by the Germans in the trenches.

On the eastern line from Zirin to Baranovichi the Russians are again making a fierce attack and there is hand-to-hand fighting on a line many miles in length. In every instance the Russian attacks have been repulsed or the entire invading line driven back by the German defense, which is growing stronger hourly. The Russian offensive is resulting in a heavy loss.

French Gain in Hard Fighting, Declares Official Paris Statement

PARIS, France, July 5.—East of the town and vantage point of Curlu, on the new offensive front, the French today captured a line of German trenches. Also Sormont farm, which faces Clery, another much-coveted military point, was captured by the French.

On the Somme river the French have resumed the offensive and made much progress in the south. In the river region toward Sormont farm, and from here to Hill 63, the situation is dominated by the French.

British Officials Blamed For Ireland

(Associated Press by Federal Wireless)
LONDON, England, July 5.—The Royal Commission appointed to inquire into the Irish rebellion places the responsibility for the disturbances and disorders with Lord Wimborne, lord lieutenant for Ireland, but says that Augustine Birrell, who resigned after the rebellion, was primarily responsible, as he was chief secretary for Ireland.

BERLIN SAYS SUBMARINE ATTACKED BY STEAMER; DETAILS ARE WITHHELD

+ The following cablegram from +
+ official German sources was re- +
+ ceived today: +
+ "A submarine of the Central +
+ Powers recently returned from +
+ the Mediterranean sea to its +
+ home port. On the evening of +
+ May 27, east of the Balearic is- +
+ lands, it was shelled by a large +
+ steamer of unknown nationality, +
+ at about 10,000 meters' range. +
+ The steamer had not been stop- +
+ ped by the submarine. The lat- +
+ ter was unharmed by the shel- +
+ ling." +

+ The Balearic Islands are south- +
+ east of Spain. The announce- +
+ ment above, apparently with in- +
+ tention, does not disclose wheth- +
+ er the submarine was a German +
+ or an Austrian vessel. +

NO ONE APPOINTED TO M. B. BAIIROS' POSITION

Several applications have been received by the department of public instruction for the position of professor of chemistry and other sciences at McKinley High School, recently left vacant by the resignation of M. Benjamin Bairos, who is now a territorial employee in the federal food commissioners' laboratory. The appointment to fill the high school vacancy will be made within a few days by Superintendent Henry W. Kinney with the approval of the Oahu school commissioners.

Circuit Judge Whitney today granted the following divorces: Mary Gallagher from Ben Gallagher, non-support; Kathleen Markham from William J. Markham, non-support.

RUSSIAN NAVAL DAMAGES DONE, BERLIN ASSERTS

German naval vessels inflicted damage on a Russian squadron in the Baltic a few days ago, according to an official cablegram received today. The cablegram says:

"German torpedo boats which had in the night of June 29 to June 30, an engagement with Russian sea forces, have now reported in detail:

"The first German torpedo boats, 20 miles south of Haefring, sighted three hostile destroyers, apparently of the Novik type. The Germans shelled them. The enemy immediately turned away and escaped in a rain shower. One hour later new smoke clouds were sighted east, towards which German torpedo boats immediately turned.

"Two hostile cruisers, apparently one the Makarov and one of the Oleg type, and five hostile destroyers, were recognized. German torpedo boats attacked the enemy with torpedoes and artillery fire. Several explosions on the enemy's side were noticed with certainty. At the beginning of the attack the enemy shelled German torpedo boats heavily with all calibers of guns, but after expending the fire decreased considerably. Rising fog made adversaries lose sight of each other."
